

# Platts Publishes 25th Anniversary 'Who's Who at Electric Power Plants' Directory

**2015 Edition Platts UDI Directory Includes More Than 4,600 North American Power Plants**

PR Newswire  
WASHINGTON

WASHINGTON, Feb. 18, 2015 /PRNewswire/ -- [Platts](#), a leading global provider of energy, petrochemicals, metals and agriculture information, has released the 25(th) annual Platts UDI "Who's Who at Electric Power Plants" directory. This definitive industry reference provides technical and personnel details of more than 4,600 facilities in both the U.S. and Canada.

"This compendium is an essential resource for equipment and service suppliers of all kinds," said *Christopher Bergesen*, Platts UDI editorial director. "The plants listed collectively spend tens of billions of dollars a year on operations and are often both the largest local employers and the most important regional taxpayers."

Nearly 8,000 contacts are included in the directory, in which entries are organized alphabetically by operating company within each state. View a sample:

<http://www.platts.com/IM.Platts.Content/downloads/udi/whoswho/wwdir.pdf>.

Each entry provides the operating company and plant's central mailing address, telephone, fax and email, as available, and generating site-based management and support staff names, titles and functions. Also included are the capacity, technology type, and fuel(s), and limited operating data for about 1,300 plants. Listings include plants owned and/or operated by both regulated utility and non-utility companies, including:

- Commercial/industrial auto producers
- Independent power producers
- Third-party power plant operators
- Utilities - investor-owned
- Utilities - municipal or governmental power authorities
- Utilities - rural electric cooperatives

The directory is available in both print and digital formats, or as a combination of the two. The hard-bound book version is suitable as a quick reference and can be combined with the enhanced CD (Adobe Acrobat) version of the directory and/or the fielded Mailing List and Plant Data CD (Excel) for broader business applications.
