

Nominations Open for the S&P Global Commodity Insights 2024 Platts Global Energy Awards

NEW YORK, April 16, 2024 /PRNewswire/ -- S&P Global Commodity Insights announces the call for nominations for the Platts Global Energy Awards program, now in its 26th year. Nominations will be accepted through July 25, 2024, and finalists will be announced on the awards website on September 5, 2024.

"This year's theme, 'Recognizing innovation through collaboration' is a celebration of industry partnerships taking place across the globe, from region to region, in an effort to produce cleaner energy," said Lyn Tattum, Vice President, Head of Conferences, Training and Strategic Media, S&P Global Commodity Insights. "That effort will be on display through the many innovative projects and technological breakthroughs that will be recognized across all categories, including Infrastructure Project of the Year, Energy Transition Emerging Technology of the Year and Financial Deal of the Year."

Often described as "the Oscars of the energy industry," the Platts Global Energy Awards program honors corporate and individual innovation, leadership and exemplary performance in 18 categories.

Back for its second year is the Excellence in Energy Conference, an accompanying Platts Global Energy Awards day-time event, at which top executives will share perspectives relating back to the Awards nomination categories; technology innovators will have the opportunity to showcase projects; and investors will discuss the latest in project finance.

Winners of the S&P Global Commodity Insights Platts Global Energy Awards will be chosen from the list of finalists and celebrated at a black-tie gala on Thursday, December 12, 2024, in downtown Manhattan.

Winners of the Platts Global Energy Awards are determined by an independent judging panel of international energy experts whose backgrounds and experiences include regulation, policymaking, corporate leadership, trading and strategic consulting. Neither S&P Global Commodity Insights nor its event sponsors submit votes or select winners.
